

# KISKI AREA SCHOOL DISTRICT REGISTRATION March 18 - March 20, 2008

Registration for children in the Kiski Area School District planning to enter kindergarten and/or first grade in August will be held during the week of March 17, 2008. To enter kindergarten, children must be five (5) years of age before September 1. Written verification of the child's age, **official** immunization records **signed by your pediatrician** and proof of residency must be available at the time of registration. It will help us to assign your child to kindergarten if you know your child's bus stop name.

Parents of children who are not presently attending kindergarten may register their child for first grade if the child will be six (6) years of age before September 1. Written verification of the child's age and **official** immunization records **signed by your pediatrician** must be available at the time of registration. All children who are presently attending District kindergarten will be eligible and do not need to be registered for first grade.

Pennsylvania state law requires that parents present evidence that entering children have been given a minimum of the following immunizations:

- **2 MMR -or- [2-Rubella (3-day measles), 2-Rubeola (9-day measles) & 2-Mumps vaccine]**
